Aug. 30, the final
Lord's Day of Au-
gust, join us for
lots of good food
in our fellowship
hall...and
bring enough
food to share.

(Continued from front page) unfurling of a brand-new day, one designed by its creator to add **perfection** to our ways to glorify Him. ‘Old Glory’s’ cameo appearance enhanced the ‘mystique’ of God’s perfect blessing the morning brought *like a sentry guarding our freedom!* Now deep in musings, I thought of the comfy-ness of the homes he’s provided and the security that brings: warm in winter, cool in summer; tummies enjoying a seemingly endless supply of food and drink and sufficient raiment to meet our needs for all occasions.

We each, in our own way, are blessed with income to meet our needs as collectively we have the means to help those in lesser straits. While we have many on our prayer list who need extra measures of His care, we have the ability to meet those needs through prayer so the healing can begin.

A quick survey of the scriptures shows us the promises the Lord makes to us. All we have to do is look at what He has done and **realize He has kept all his promises**....that even now are being acted upon.

We have been blessed! Sometimes, it just takes a special morning like the ‘purr-fect’ one enjoyed this day to realize that the Lord is still in charge, that he knows all our needs and that he provides myriad ways for us to enjoy his beautiful world!!! What more could we ask???

Thank you, Lord.....**thank you!!!**

‘On the Jericho Road...’

A Perfect Snapshot from Above!

A beautiful red apple with stem attached, a fully developed strawberry just as it’s ready to part from the vine, a full moon on a clear night, a sparkling diamond and a rainbow are all symbols of perfection!

One of the traits that set mankind apart from the rest of the animal world is the ability to recognize perfection and appreciate natural beauty wherever it is found.

A persistent, small voice deep inside my head roused me from my pillow today...it seemed to be whispering: “Wake up dummy, you are missing a spectacular blessing!”

Enough of the early morning was already spent so that the rising sun was reaching roof-top level, but the waking world had not yet stirred up a cloud of ‘business’ dust!

Barely on the way to my first cup of coffee, I heard a little fellow singing his heart out atop the highest twig in the tallest tree in our yard.....as if no one was listening! His notes were like a clarion so near the dawn of day! His happy song directed my attention to the other perfect blessings that the Lord had created for this day!

Emerging from beneath the canopy of trees, I could see more of what the little vocalist had awe-ready seen! The firmament was enriched by an endless mantle of regal blue with only the barest whisper of feathery haze a little off toward the east.

The temperature was in the low 70s and so little air movement that even the tree leaves seemed hesitant to move. The flowers along the way, well-watered by an above average rainfall, were in total agreement with the little song bird and all agreed that this moment was special!!

Reaching Main Street, my progress was delayed by traffic controls on the avenue.....but that only allowed me to dwell more in thought as ‘Old Glory’ waved gently above a steeple near-by, with her patriotic colors set ablaze by the morning sun and framed by the magnificent sky!

You just could not help feeling blessed by the.....

Don Noble - father-in-law of Lynnette (Milam) Noble, is faring poorly with cessation of all medications. He has returned to his Arkansas home.

Maggie Woloszyk - continues with regular weekly chemo infusions in her struggle with multiple myeloma. Specialists now have added radiation treatment for lesions on her spine and hips.

Rusti Washer - Sister of Dana Duggar, had successful surgery last week to remove her spleen, medics now await the pathology report.

Lauri Noble - Asks that we include her neighbor Arlissa in prayer. Arlissa recently lost her four-yr-old daughter to an untimely death.

Jean West - Continues to mend after injuring both wrists in a recent fall.

Patti Hurst - Close friend of Nancy Davies and her family, is afflicted with multiple sclerosis and finds eating and drinking difficult. Prayers are requested.

Mike Quackenbush - Close friend of the Jamiesons, is scheduled for stem cell therapy in August. Prayers have been asked for him by Sue and Duane.

John Hart - Still Smiling! John manages to keep smiling while dealing with strong medication. Medics have limited medication to chemo treatment. He had the third in the series of treatments this past Monday and finds the latest round a little more tiring than previous ones—but *that smile* is omni-present! Amen brother!

Heart-felt prayers and showering of love and concern in behalf of those mentioned on these pages is exactly what our Lord had in mind when he said that true religion was to Love One Another! It is part of our 'Christian Calling' that we pray for each other. We are only too happy to do so!

All are cordially invited to a graduation open house party for Clarissa Spencer next Saturday, Aug. 15, in our fellowship hall from 2-6 p.m. Clarissa was in the 2015 high school grad class earlier this year.
